A horizontal strip of bright orange paper is shown, appearing to be torn from a larger sheet. The left edge is jagged and irregular, with a hole cut through it. A silver metal rod is inserted into this hole, extending horizontally across the strip. The right end of the strip is also jagged and irregular. The text "i'm not lying" is printed in a bold, black, sans-serif font on the lower portion of the strip.

"i'm not lying"
